

Round Rock Police Calls for Service at Main Street Square Apartments, November 2009-April 2010

Police Calls for Service

Notes:

1. The source for these data is RRPD's Computer Aided Dispatch database, which tracks calls as they come into the police department. As such, these data are limited in that actual call natures or dispositions may not be accurately captured.

2. In comparing one apartment complex's police service calls with another, more factors than simply the number and nature of calls must be considered. For example, a larger complex houses more people than a smaller complex and naturally would generate more calls for service.

3. Traffic stops and animal-related calls have been screened out of this analysis.

Questions about this report should be directed to the RRPD Logistics and Research Unit, 218-6677 or bcraytor@round-rock.tx.us.
